

United Cerebral Palsy of Tampa Bay, Inc.

Board of Directors Biography

Andrew Cohen

Board Chairman
UCP of Tampa Bay, Inc.

Andrew Cohen
Vertical IT Solutions
President and CEO

Years of Experience: 24 years in the technology industry

Education: Florida State University graduate with studies in Management and Computer Science

Andrew, a Florida native, founded Vertical IT Solutions in 2002. During the past 21 years, he has led several technology organizations, including national and local organizations. Andrew assumes full management responsibility for Vertical IT Solutions, including delivering on the company's vision of being a trusted and valued outsourced IT department. His passion, leadership, and community involvement has become a hallmark of his tenure at the company and is known for his devotion to building closer relationships with Vertical IT customers and partners.

Andrew's sense of community is focused on business, leadership and children. This is reflected in his board leadership with many business and non-profit organizations including CEO Council of Tampa Bay, The Glazer's Children Museum, United Cerebral Palsy of Tampa Bay, Mental Health Care, MHC Foundation, Leadership Tampa Alumni, Child Abuse Council, University of Tampa Board of Fellows, and Lockwood Links Community Association.

Married to Wendy for over 22 years, he lives in Hunters Green with his two daughters, Gabrielle and Jaclyn. Andrew enjoys an active lifestyle including biking, running, skiing, hiking, traveling, and old movies.
